## WESTON at a Glance

Weston Solutions, Inc. (WESTON®) delivers integrated, sustainable solutions for environmental restoration, property redevelopment, design/build construction, green buildings, and clean energy. We build strong relationships with government, industry, and local communities, blending proven strategies with groundbreaking technology to produce solutions that work. WESTON's people are dedicated to making a difference in the world, relying on their proven experience to deliver exceptional results and enduring client relationships.

### Trust – Widely Trusted by Clients and Stakeholders

Our clients and stakeholders trust us to deliver sustainable solutions-more than 85% of WESTON's business comes from previously satisfied customers.

- ❖ Most federal agencies turn to WESTON to help solve complex sustainability problems
- ❖ Cities, municipalities, and state agencies depend on WESTON for economic revitalization and redevelopment solutions
- ❖ Industrial and Commercial clients look to WESTON for a wide range of sustainability solutions that make economic sense.

### Performance – A Strong Track Record of Solving Complex Problems

WESTON has been solving our clients' most difficult problems for over 50 years. Our strong foundation of top talent and technical depth allows us to develop innovative solutions that are safe, successful, and sustainable. WESTON leads through integration, aligning the diverse interests of clients and stakeholders and ensuring lasting results.
