

Rebecca Shaffer is the Sustainable Design and Development coordinator for the U.S. Army Corps of Engineers, Alaska District. In the last 3 years, she has implemented the Army's sustainable building mandate, a required LEED Silver self-rating for all vertical Army and Air Force construction in Alaska. Ms. Shaffer has a Master's degree in Architecture from the University of Oregon. She is a LEED accredited professional and an active member of the Alaska Chapter of the US Green Building Council.
